FIVE RUNS

In One Inning Win the Game for Marshal College from the

HUNTINGTON. April 15.—
Marshall college won the game with Ohio University here today, when the Normals scored five runs in the eighth inning, after the Ohioans had secured a four-run lead. Three hits, coupled with two errors and some fast base running, netted the victory. Secrest for Ohio held.

Why is a Hydrometer?

You can't tell the state of your battery's health by looking at the terminalsyou've got to get inside.

That's where the hydrometer is a necessity-it your battery needs a doctor or just some exercise.

Come in and learn how to use a hydrometer if you don't know already. Incidentally you'll learn how Willard Service can help you get better starting and lighting.

SWING OF PICK MAKES OLD HOBO MINER RICH

Coast Character Digs Up a Wealth of Gold in Hole Long Thought Worthless.

SAN FRANCISCO, Cal., April 15 !-"Hobo Matt" Kelly has struck it rich in the Old Bodie mine. And somewhere in California the long neglected wife of "Hobo Matt" will receive a fat check soon in evidence of the fact. The ghost of a mine and the ghost

The ghost of a mine and the ghost of a man. The only two things "Hobo Matt" believed in have remained true to his faith—his wife and the gold ledge of the Beehive days. He has won a lifetime's gamble. He will have \$100,000 in good, clean gold before his work is done. "Hobo Matt" is known in all the ith secret, offering to share with him mining camps of the West. When old Bell could get the lease.

Old Bruin' Kelly, his uncle, was winning his fame upon the Comstock and as superintendent of the Bodie mine, Matt was his trusted messenger. He became a miner. When the "Beehiye" mine and pronounced it worthless.

ANOTHER HUGE ORDER.

TOKIO, April 15-Russia has placed in Japan another huge war order which is said to reach \$22,000,000. The munitions will be turned out by gov-ernment arsenals and the first deliveries will begin in 1917.

Bell did not have much faith,

was turning out its millions, Matt was there. He knew every inch of those honeycombs of wealth.

He gambled in Bodie stocks and won. He spent his money as easily as he made it. He had married, but even his wife's love could not hold him from the mad delights of those feverish bonanza days.

Then "Hobo Matt" became young again. The years dropped away from him as he shouldered his pick and went to work in the well remembered ledges. A drift was started, and after a sleep of forty work in Peking and will extend it to various provinces before the end of 1916. The cost is estimated at \$200,000.

Matt's" dream came true by the light of a candle far down under the surface of the white earth.

en out of Belgium, when it is expected that King Albert will come to visit Paris and sheathe the naked blade when he receives it from the hands of its custodians.

Allen Louis Benson, author and newspaper man, has been nominated for president by the Socialists. An important plank in his platform is opposition to preparedness. On this subject his views are in exact accord with those of Henry Ecra.

PAIGE PRESIDENT ORGANIZES RIFLE CORPS IN FACTORY

Latest Effort of Motor Car Executive in Campaign for Preparedness:

Right in line with its attractive efforts among its own employes for the promotion of preparedness and the making of loyal and efficient American citizens, is the action taken by the Paige-Detroit Motor Car Company to organize a rifle corp from the workers in its factory.

Recently President Harry M. Jewett addressed seventy of his department heads on the general subject of preparedness and citizenship, illustrating his ideas with specific facts on the present state of this country in the present state of this country in the matter of defense. The Paige company had also opened a citizenship defense bureau so that every employe in the great factory who had not become a naturalized citizen might find the opportunity and the way made easy for him. The Paige rifle corp is the latest

step in President Jewett's campaign to make his plant and his organiza-tion a solid unit in the prevailing movement for efficient citizenship. Preliminary to the organizing of the corps the Paige workers were invited to be the special guests of the Detroit Young Men's Christian Association rifle corps, watch the practice and ex-ercise their own skill if they desired. About 200 men accepted the invita-tion and became immensely enthusiastic over the work that is being done by the Young Men's Christian Associa-This institution is said to have one of the finest ranges in the country and the Paige men were delighted with the exhibition given them. . MANY PELLAGRA DEATHS.

WASHINGTON, April 15,— Pellagra caused 3,000 deaths in the United States in 1915, the public health report shows. Its development can be effectually prevented by a cheap and simple diet the health service experts recommend.

ON'T overlook this matter of power. It is important. You want an automobile that will carry you through mud, sand and snow, and do it easily. You want a car that will climb hills, that will get away quickly without laboring and straining its every part

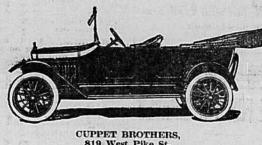

Not all cars can do these things, but you know that the Maxwell can because you have the proof.

When the Maxwell stock touring car set the World's Motor Non-Stop Mileage Record a few weeks ago, it encountered all sorts of unfavorable conditions-rain, mud and hills, over country and city roads-yet it covered 500 miles per day, day after day, for more than six weeks.

Power, plenty of power, unfailing power, is absolutely essential to such a wonderful performance as this.

Let us give you a booklet telling all the details of this record breaking Maxwell car. And let us tell you about our partial payment plan, by means of which you can make a cash deposit and pay the balance while you use the car. Give us the opportunity and we'll prove our case.
